

Display Grouping & Equipment Component Categories - Assign Quick Guide

Navigate to **Equipment Manager**, on left side bar select **Equipment**:

Steps

1. Find/select **Railcar** in *Equipment Grid*
2. **Navigate** to *Mechanical Profile* Section
3. **Apply checkmark** to selection(s) within each **Field's** drop-down list:
Display Grouping – Selections determine which standard Mechanical Fields and *Equipment Test Dates* are displayed in *Mechanical Profile* section. Selections should be based on equipment type.

Note: RALL (Rail-All) Display Grouping is applied to all rail equipment types

Equipment Component Categories – Selections determine which components/fittings are available to select from when adding a component/fitting to the *Equipment Components* Grid. Selections should be based on equipment type.

Note: RALLRF (Rail All Fittings) Component Category is applied to all rail equipment types
4. Select **Save Equipment**

Additional Recommended Action

See the following Quick Guides on RAILChannel®:

- Mechanical Fields and Equipment Dates - Populate
- Equipment Component Grid - Populate
